About Arteon

Perfection Can Not Be Achieved, But, Its Journey Can Promise Excellence

Our unparalleled commitment to perfection persists. We thrive on pushing boundaries to innovate, question, and optimize digital tech for your business.

About Arteon

Our Objectives

Our sole objective is to surpass expectations, consistently delivering exceptional service. Our grand goal is to forge fresh connections and digitally nurture them.

Quality Service

We pledge to deliver top-tier service to our customers, blending our wealth of experience with cutting-edge tools and a touch of innovation.

Customer Satisfaction

We guarantee customer satisfaction by delivering excellence and fostering meaningful post-service connections.

Technology

Arteon Technology is wholeheartedly committed to ushering the benefits and comforts of tech to our clients.

Digital Marketing Technology

We understand the power of digital marketing to be the best marketing service provider.

About Arteon

Our Approach

Our strategies consistently shine in captivating and electrifying precise digital communities. With a bedrock of thorough research and deep industry insight, we've not only pioneered trends but have reigned supreme in the market. Be it a solitary post or an expansive campaign concept, our skilled team thrives in crafting authentic, emotionally charged, and contextually relevant content.

Each content piece is born and crafted in-house, meticulously grounded to optimize engagement with your coveted community. Our brand lifestyle strategies forge a strong emotional bond with your audience.

Reinvent Your Customer Relationship with ROYAL CYBER Sales Chatbot

Improve customer service and customer engagement to save time and resources

- Maximize your digital and in-store offerings to foster loyalty and drive shoppers to purchase
- Leverage customer self-service which is almost 98% less expensive than channels that require human intervention

Your shoppers want:

- Quick and easy way to find the right product or service and get the best deal
- Self-service channels that instantly answer their questions or needs

Enable better engagement to gain customers who:

- Spent 50% more last year
- Are more likely to repeat purchases
- Are more likely to respond to offers
- 100% more likely to make more frequent purchases

Royal Cyber's Ecommerce Bot is designed to save time and money for online and mobile merchants while offering the customer 24/7 help.

Reinvent Your Customer Relationship with your Dedicated Omni-Channel **Sales Chatbot**

Improve customer service and customer engagement to save time and resources

Did you know that **45%** of customers will abandon channels that do not meet their expectations and **82%** are likely to stop spending due to a bad service experience?

Your shoppers want:

- Quick and easy ways to find the right product or service and get the best deal
- Self-service channels that instantly answer their questions or needs

Enable better engagement to gain customers who:

- Spend 300% more each year
- Are more likely to repeat purchases
- 7x more likely to respond to offers
- 90% more likely to make more frequent purchases

What can you do to keep your customers engaged and coming back to you?

- Maximize your digital and in-store offerings to foster loyalty and drive shoppers to purchase
- Leverage customer self-service which is almost 90% less expensive than channels that require human intervention

You can use Ecommerce Bot to help customers:

- Cancel their orders as needed
- Gather details about each customer's cart
- Monitor the cart by adding, removing or emptying items
- Track order information and notify customers about when they can expect delivery
- Send text alerts for keywords or phrases
- Enable secured checkout
- Reduce abandoned cart alerts

Configure Ecommerce Bot with:

- E-mail
- Textmessaging
- Facebook
- Twitter
- Slack

Royal Cyber's Ecommerce Bot is designed to save time and money for online and mobile merchants while offering their customers 24/7 help.
